Isaac Pitman. Sir Isaac Pitman is arguably the most famous. by Tom Rosenstiel In the presidential race, Democrats and Republicans are taking seriously the concerns about the erosion of U.S. democracy, arguing over what to do about it. Is there a "bulletproof" system that prevents governments from becoming despotic? Can voters counter the money pouring into politics? In a series of linked articles, I've responded to these questions. In this post, I'd like to finish with my top three suggestions for strengthening democracy and curbing the unchecked power of government and big business. 1. Guarantee the freedom to vote, especially for Democrats. Were the Founders so naïve as to think they could simply invent a system of government and declare it to be divinely inspired? No, says the Constitution's Framers, and they created government of the people, by the people and for the people. These were revolutionary ideas at the time. The Framers assumed that government would always be under the control of the elite, otherwise known as the educated, or the landed, or the wealthy, or the commercial class. They assumed that, no matter who won an election, the winners would always control the government, issuing laws and regulations favorable to the majority. They didn't recognize that mob rule, where the majority run roughshod over the minority, 3da54e8ca3
