You can download it from the Autodesk Autocad website. After downloading the file, use the keygen to activate it. Open your Autocad file and start the application. This add-in will work with Autodesk AutoCAD 2017 and 2016. Autodesk products: Autodesk AutoCAD 2017: Autodesk AutoCAD 2016 Autodesk AutoCAD R2014: Autodesk AutoCAD R2013: Note: You can use the official Autodesk AutoCAD 2017 and Autodesk AutoCAD 2016 add-in with Autodesk AutoCAD R2014. Note that you will only be able to use one of this add-ins with Autodesk AutoCAD R2014. This add-in is not compatible with other Autocad applications. Support You can ask for help

What's New in the AutoCAD?

Rapidly send and incorporate feedback into your designs. Import feedback from printed paper or PDFs and add changes to your drawings automatically, without additional drawing steps. (video: 1:15 min.) Sketching Assistance: Schematic diagrams from Visio and Excel spreadsheets can now be shared directly into AutoCAD. (video: 1:33 min.) Schematic diagrams from Visio and Excel spreadsheets can now be shared directly into AutoCAD. (video: 1:33 min.) Mastering the Drafting Suite and Landmarking: Know your architectural drafting processes and focus on mastering the art of the architectural drafting process. (video: 2:44 min.) Know your architectural drafting processes and focus on mastering the art of the architectural drafting process. (video: 2:44 min.) Advanced 3D Modeling: Save time by importing 3D assets into AutoCAD. (video: 2:30 min.) View the entire list of new features here. (Watch this video on how to use these new features in AutoCAD.) The announcement was made at the AutoCAD World 2018 conference, which took place in Orlando, Florida from June 13 to 17. In the keynote address, Scott (AEWP) Hartman, President of Autodesk’s AEC business unit, announced new AutoCAD products and enhancements for designers. Some of the new features include: What’s new in AutoCAD 2023 for Architecture Markup Import and Markup Assist The ability to import and modify markup from electronic or printed files. This feature is used for both design reviews and workshops to help quickly review and understand changes made to a project and incorporate those changes into an AutoCAD drawing, with no additional steps. Rapidly send and incorporate feedback into your designs. Import feedback from printed paper or PDFs and add changes to your drawings automatically, without additional drawing steps. With Markup Import and Markup Assist, you can import a URL, Visio file or an Excel file that contains markup, and you can make immediate changes and corrections to the imported file. “Our team was inspired by the feedback and comments we receive, which helps us understand how our users are using the software,” said Scott Hartman, president of Autodesk’s AEC business unit. “As architects,
